

Ohio Family to Family (Ohio F2F)

Empowering Ohio Families

About Us

We are here to help families who have children and youth with special healthcare needs and disabilities, and professionals who serve them. Ohio F2F is staffed by Family Support Specialists who have first-hand experiences and who understand.

Supporting Families

Ohio F2F Family Support Specialists are experienced at navigating Ohio's healthcare systems and community services. Through our networks and partnerships in Ohio, we can help guide your family too!

Training and Information

Ohio F2F provides free one-on-one support and training on health-related services, disability services, advocacy, family-centered care, self-care, transition to adulthood, and much more.
